

To the FCC

I truly benefit from listening to XM Satellite Radio and its traffic and weather channels very much as it provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I therefore respectfully urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand, deserve, and have grown accustomed to.
